Announcements

Department of Jurisprudence and Legal History and the Department of Philosophy and Moral Science, at Ghent University, Belgium
Submitted by Jan Verplaetse, Ghent University, Belgium

We have pleasure in inviting you to take a look at our brand new website: www.themoralbrain.be. From now on, this site will contain all information regarding the international conference, Double Standards (Ghent University, October 20 & 21, 2006), and the exhibition, Good and Evil, (Museum Dr Guislain, October 2006).

The moral brain is an initiative of the Department of Jurisprudence and Legal History and the Department of Philosophy and Moral Science, (Ghent University, Belgium). The project aims to bring together researchers who are working on human morality from different biological perspectives.

Other Announcements
Dalai Lama Urges that Ethics be a Guide in the Application of New Scientific Knowledge. Society for Neuroscience, November 12, 2005. View article at:
